Adjudicated Property

NOTE: *This list is not exact. Tax debtors can redeem their properties at any time and that action will serve to remove the property from the adjudicated list. Additionally, if a property is sold through the adjudication sales program, it may not be removed from this list immediately.*

Properties are listed under name of the tax debtor with the current tax assessor's valuation (which may or may not be accurate) and the parcel number. If there is a physical address for the property, it is provided. For more information, you must conduct additional information on the property through the Morehouse Parish tax assessor's website: Morehouse Parish, Louisiana Real Property Search - actDataScout
